Living Your Dreams by Unlocking Your Subconscious

A Manifesting & Healing Workshop with **Dr. Garland Landrith**

As a child Dr. Landrith had dreams that manifested in his waking life. He traveled to India and China and during this time he had a near-death experience. His techniques are so well thought of that he was invited to Fort Carson military base to train psychologists on how to help heal the soldiers returning from the war. At Dallas Unity he taught over 800 people and was able to reduce the crime rates by over 25% in the City of Dallas. Thousands have gotten jobs, sold houses, started new careers and even were able to hit a golf ball straight using the same life transforming Quantum techniques that Dr. Landrith will teach you in this workshop.

One of the questions that Dr. Landrith will be addressing in this two-day workshop is how come everyone seems to know what their problems are but they keep making the same mistake over and over again. This is not your fault according to Dr. Landrith. This has to do with old brain pathways which can be changed by combining the techniques of tapping/EFT, and HeartMath.

Not only can we change these old brain pathways that have been holding us back, But we can also create a new brain matrix that will propel us forward so we can start living our dreams. It makes sense that if we were truly quantum beings then we should use the quantum field to help us manifest the life of our dreams. So these techniques will help us get into a kind of quantum love flow where we can use this quantum field to create new realities for us. These techniques are entirely unique from anyone doing tapping or EFT because they directly get at the subconscious blocks that are not in our awareness. Dr. Bruce Lipton and Dr. Deepak Chopra have stated that EFT will not work very well unless you can get to the subconscious.

WHAT PEOPLE ARE SAYING

"Thank you Garland, Yes, indeed. I feel no trigger today when I think of the past. OMG! I feel awesome. So much more energy. I know I can manifest anything... You are a genius in your field. You have no idea how much gratitude I feel for your help, thank you from the bottom of my heart."
— Yago Studio Owner in Oklahoma City

"Holy Crap this Stuff Works! So, I am saying thank you to everyone that was present Tuesday night. It was tapping and a massive treatment all at once! I'd like you all to know that yesterday out of the blue I received a \$1.00 an hour raise. I nearly fell out of my chair! I am so grateful to all of you, and the people that I don't have e-mail address for as well. A special thanks you to Dr. Landrith! You are amazing!"
— Rose, Columbus, OH

"I want to thank you for teaching me your amazing techniques. I take my 'tools' very seriously. I suffered from PTSD for many years as a result of an abusive childhood. I spent countless hours with doctors working endlessly on curing my physical and emotional pain. I had chronic fatigue syndrome and fibromyalgia. I still suffer from arthritis, anxiety and depression. I am confident that your techniques will work. They have already begun. I use tapping and meditation and pray three times a day now... Amazing results. I am exhausted, but I feel so light and free. Thank you again..."
— Kathy D.

I just wanted to tell you how much I appreciate the healing session (regardless of the being on stage part!) I feel it was an actual "event" in my life that I will want to remember forever. I also had the feeling while I was writing, that it would...

someday help other people like me that are scared to death of living life. The circumstances that led up to me attending your workshop and the days that followed, can really only be described as divine intervention. I'm a HUGE skeptic, and rarely engage in conversations about my spirituality, but you certainly shook something loose that night."
— Overland Park, KS

"I joyfully want to let you know that I have manifested the house of my dreams (in one week) and am getting all the ducks in a row to get moved on that date. Things that blocked my blessings have been blown into oblivion and I am moving forward with peace, ease and grace at lightning speed. Had it not been for your powerful work I don't believe I could ever have manifested this dream so quickly. Thank you, thank you."
— Roshan, Dallas, TX
